## WORK EXPERIENCE

### FULL-STACK WEB DEVELOPER

Free lance | 2017 -2022

- Created a mobile responsive user experience with CSS Flexbox that allowed cross-platform accessibility to the website on any device.
- Conceptualized, created, and managed dynamic web pages for data display and entry using appropriate technologies (HTML, PHP, and Web CMS).
- Ensured the technical feasibility of UI/UX design

### FRONT-END WEB DEVELOPER

IT Commit | 2021

- Built responsive, accessible, and dynamic web pages to enable users to easily navigate site.
- Actively engaged in web creative design and development.
- Created and deployed mobile-first app while learning new technologies (Angular and Node) and frameworks.
- Designed, coded and modify enterprise web applications from layout to function, according to the client's specifications.

### FULL-STACK WEB DEVELOPER AND TEACHING ASSISTANT

Living the web! code school | 2017 - 2018

- Participated in continuing education training courses to learn modern practices and to learn new coding languages.
- Monitored and participated in training courses as a teacher, correcting codes lines and providing best practices.
